JUDGING

To insure objectivity, judging is conducted by a panel of broadcast experts from outside the state of Georgia. They will evaluate all entries based on the criteria listed in the "Awards Categories" section. Judges will likely select a first place winner in each category but are under no obligation to do so and may choose to award no prize in a category. There will only be one winner in each category. Judges may choose to recognize other outstanding work in a category with a "Judges Award of Merit." If the judges think an entry was submitted in the wrong category, they may move it to the proper category. The decision of the judges will be final.
